[Member Registration](#)

Log on

Enter your 5 digit member number (precede with zeros if necessary to make 5 digits and include any letters if applicable) then enter your first name followed by your last name. These fields are not case sensitive. Then click the Validate button. If you receive an error, enter your first name followed by a space then your middle initial in the first name field and click Validate again.

Member Number

First name: Last name:

Once validated, you will then be taken to a page to set a username and password. Pick a username you will remember such as your first initial followed by your last name. The system will not allow duplicates. You will be asked to enter and confirm a password of your choice.

Once all fields are filled out, click on ‘Create User’ to complete the registration process.

You will then receive a confirmation message and the Login button will take you back to the home page.

Example of the confirmation message:

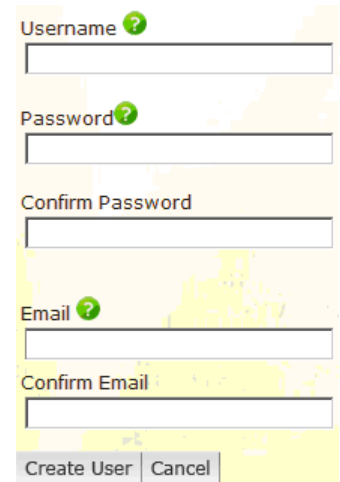

Member Registration – Confirmation Page

User xxx has been created and registered successfully. Email has been sent to the following email address: xxx@xxx.xxx.

In the event the password is forgotten, please click the Forgot Password link and enter in the email address you registered with, then click the ‘Reset Password’ link. You will receive an email. Click the link and enter and confirm your new password.
